

June 23, 2020

Dear Patients,

Our office is once again open for your dental care!

At the office of Kevin M. Christ, DMD, we have always taken infection control and the cleanliness of our office very seriously. We are following the highest standards set forth by the ADA, CDA and CDC for your safety.

We appreciate your patience and understanding as our office adjusts to the new protocols for treatment and social distancing. Please call the office to reschedule your appointment if you have a temperature or are feeling ill, and please only have one person come into the office.

The entire office, as well as the common spaces of the building have been sanitized with safe and effective products. We have installed new air purifiers in each operatory and our staff will be wearing face shields in addition to the mask and eye protection that was already required. We will be wiping down all surfaces at the check in and check out desks after every patient contact.

We will be taking all temperatures upon patient check in. If you have a temperature above 99 degrees, your appointment will be rescheduled. You will be required to sign a check in document that you are symptom-free.

We will be asking patients to maintain social distance at check in, in the waiting room, and at check out. We will also ask that only the person being seen come into the office. Please leave children, spouses, etc. at home if possible or at the very least have them wait in the car or outside of the building.

Thank you for trusting us with your dental care – we appreciate your business and your health and safety is our primary concern.

Please call with any questions or concerns. If we are unable to answer, please leave a message and your call will be returned as soon as possible.

Thank you for your patience and understanding,

Kevin M. Christ & Team
